

Warum funktioniert meine Maestro-Karte nur noch in der Schweiz und in Europa?

In der Schweiz ist es in den vergangenen Monaten zunehmend zu Betrugsfällen an Bancomaten gekommen, zum sogenannten "Skimming". Dies ist eine Betrugsmasche, bei der an Bancomaten und sonstigen Zahlterminals Aufsätze angebracht werden, um den Magnetstreifen der Maestro-Karte zu kopieren. Die Daten werden danach auf den Magnetstreifen einer leeren Karte kopiert. Zudem wird mittels einer Minikamera oder eines Tastaturlaufsatzes der PIN-Code erschlichen. Sind die Betrüger im Besitz des persönlichen PIN-Codes, können diese mit den kopierten Karten in einzelnen Ländern ausserhalb Europas illegal Geld beziehen. Diese Karte kann dann wie die Originalkarte verwendet werden.

Aktuell gibt es zwei verschiedene Technologien, mit denen an Bancomaten weltweit Geld bezogen werden kann. Ausserhalb von Europa wird mehrheitlich noch die veraltete Magnetstreifen-Technologie verwendet. In der Schweiz und in Europa dürfen Zahlungen nur noch über den Chip abgewickelt werden. Der Chip kann nicht kopiert werden, das bedeutet, dass Betrugsfälle mit Skimming in der Schweiz und in Europa nicht möglich sind.

Weil in manchen Ländern ausserhalb Europas für die Kartenbenutzung kein Chip erforderlich ist, sondern nur der Magnetstreifen benutzt wird, können die Täter mit den kopierten Karten illegal Geld beziehen. Um dies zu verhindern, setzt die Spar- und Leihkasse Bucheggberg AG auf das sogenannte Geoblocking. Dabei ist die Karte für Gebiete ausserhalb Europas gesperrt.

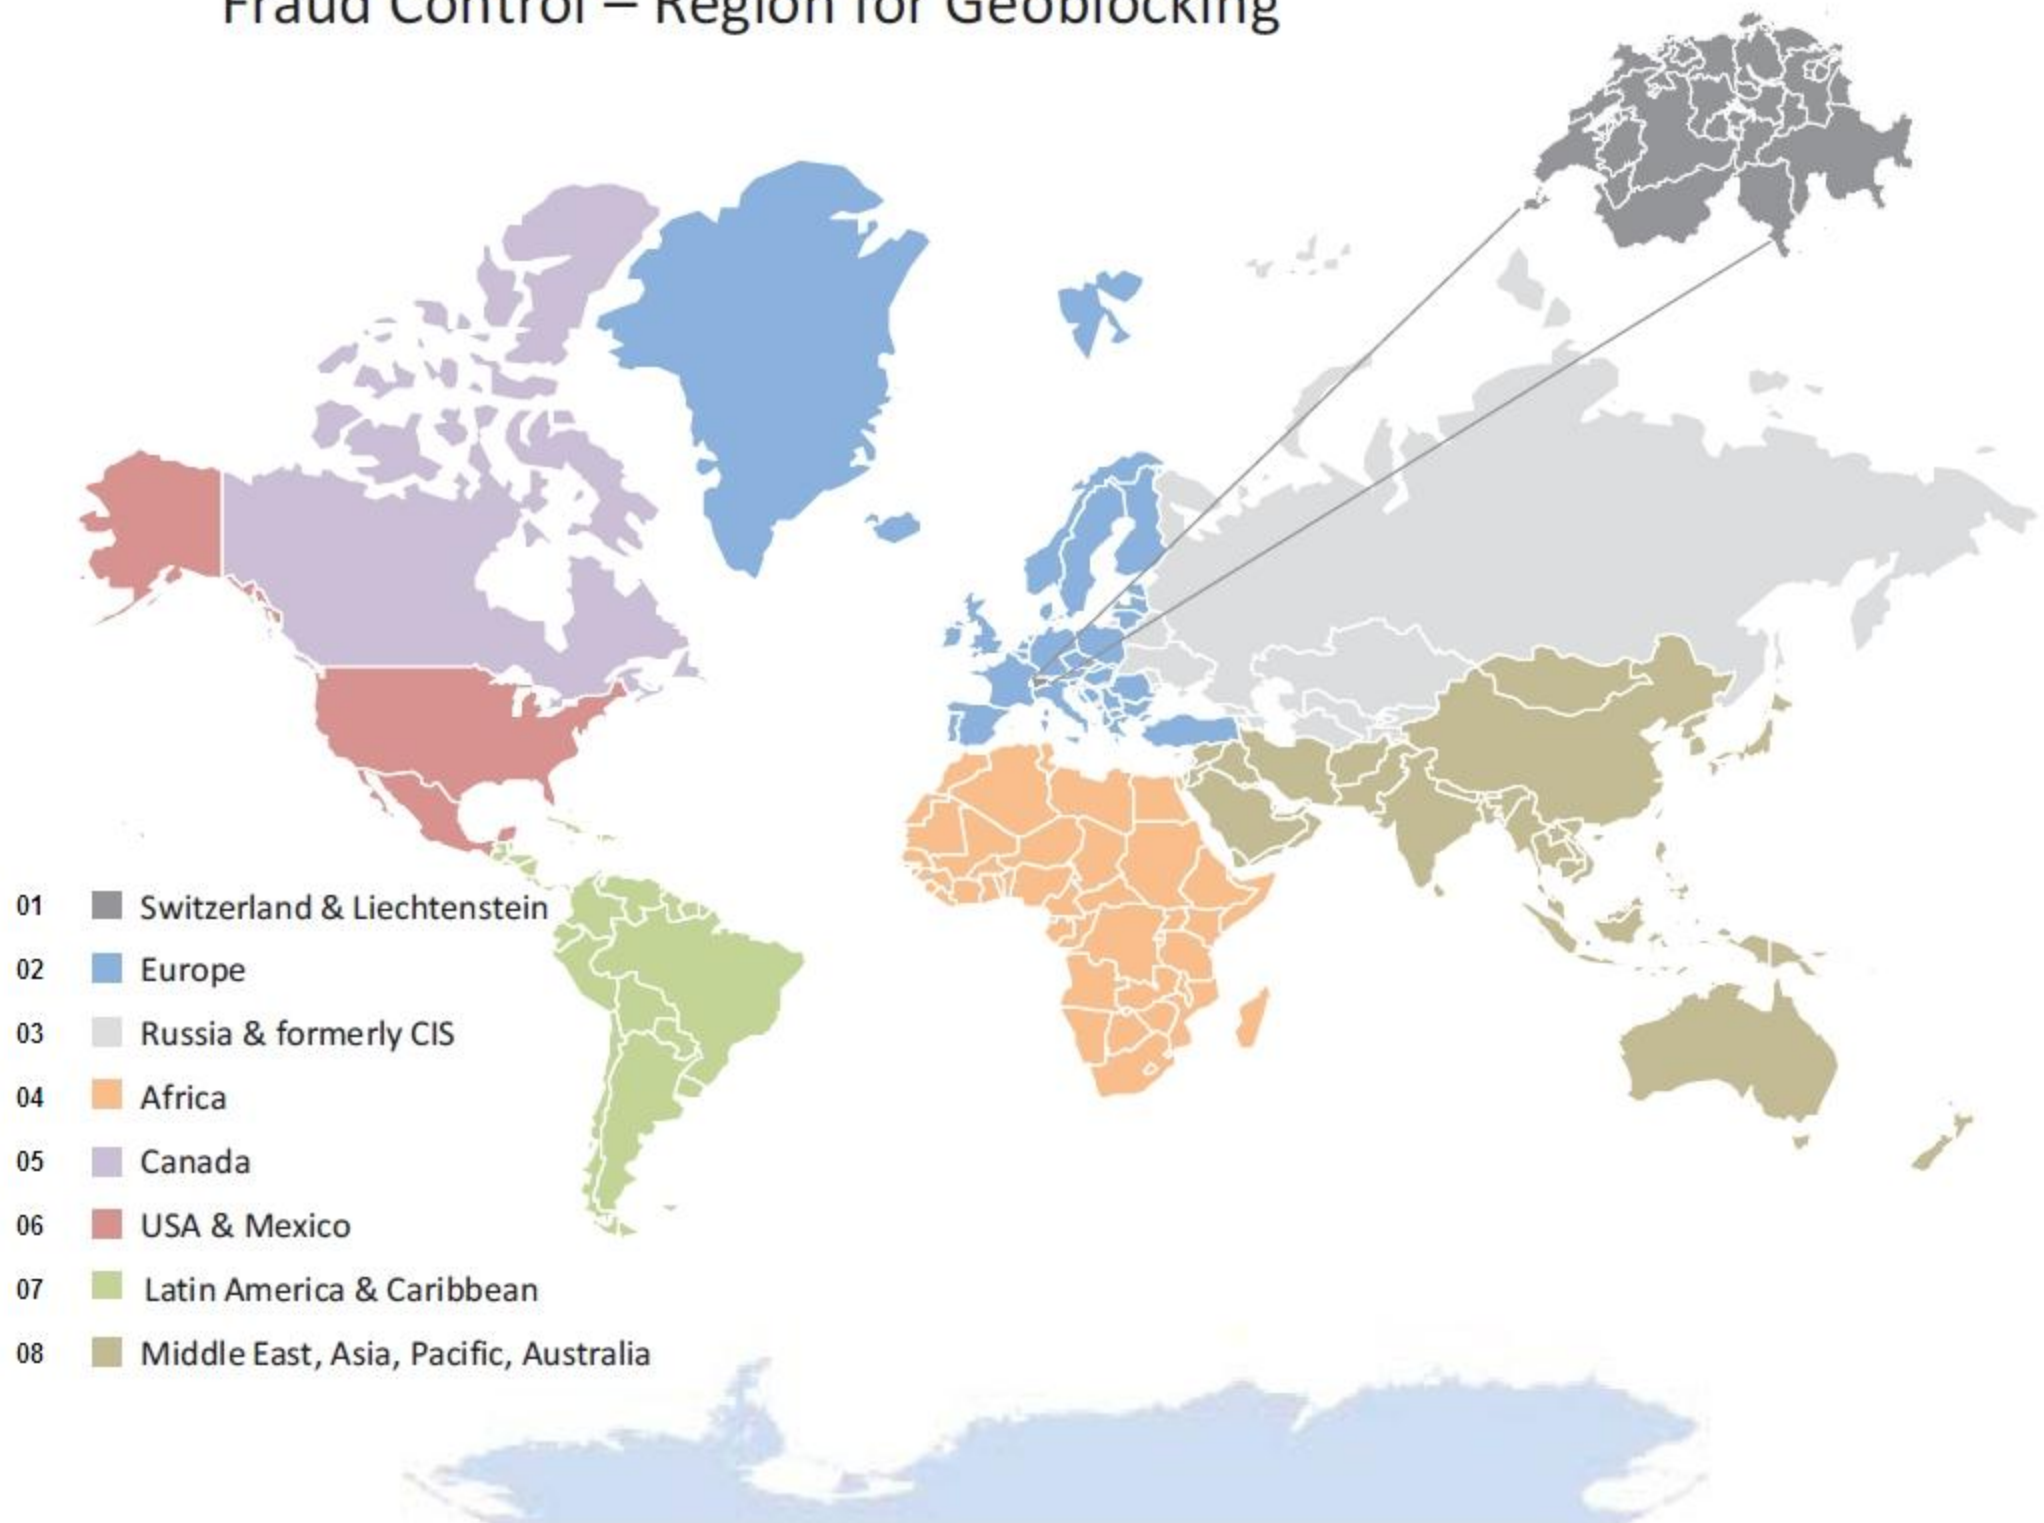

Wichtig:

Die Karte kann jederzeit auf bestimmte Zeit für Ihren Reiseort freigeschaltet werden.

Kontakt:

Kontaktieren Sie Ihren persönlichen Kundenberater oder melden Sie sich unter der Telefonnummer 032 352 10 79 und lassen Sie Ihre Karte für Ihre Ferien freischalten.
